Details Information about course to publish

Short description of the course (main aim, relevance, broad content to be covered)	Aim: To offer an integrated perspective on VET excellence through inclusion by employing innovative pedagogies and educational support services. The training is highly relevant for VET stakeholders involved in creating an inclusive learning ecosystem, based on pedagogical innovation. The course covers (but is not limited to): innovative pedagogies (clusters and examples), support services for inclusion in VET, approaches for different at risk groups, analysis of inclusive excellence practices in a whole school approach perspective
Link of your organization website	www.unibuc.ro
Program of course	The program is modular and hybrid, so that delivery can be customized to the beneficiaries. There are 10 sessions of 1,5 hrs each that could be deployed in three days (6+6+3 hours schedule) or in evening classes, in 3 hrs modules, during a week (5 days)
Expected outcomes (learning results)	By the end of the course, participants will: • Understand the approach of excellence through inclusion in VET; • Identify and combine innovative pedagogies approaches to create a stimulating and inclusive learning environment; • Map out the diversity of learning support services that could be organized and offered to students and teachers / tutors in E&T, including VET providers; • Determine specificity of key at risk groups and design interventions mechanisms for support; • Design a whole school approach of excellence through inclusion in VET and correlate it with an agile governance model.
